SWORN DECLARATION OF FRANK INCHINGOLO

I, Frank Inchingolo, being sworn, depose and say:

1. For purposes of this declaration,
"Patent Applications" mean U.S. Patent Application Nos. 10/795,374 and 10/796,612
"Patent Rights" means the Patent Applications and any and all related foreign and domestic patents, patent applications, divisionals, continuations, continuations-in-part, requests for continuing examination, reissues, re-examinations (whether *inter partes* or *ex parte*), certificates of invention, utility models, design registrations, and the like that may issue from or which derive priority from or claim priority to the Patent Applications or any of the other foregoing patent applications.
"Illinois Litigation" means the litigation filed on or about March 28, 2006 in the United States District Court for the Southern District of Illinois: *Inchingolo v. Ab Initio Software Corporation et al*, 3:06-cv-00256-WDS-DGW.
2. I hereby represent and warrant:
 - (a) That my prior claim to sole inventorship of the Patent Applications in the Illinois Litigation was made in error as a result of a mistake of fact and/or law as to what constitutes sole inventorship versus co-inventorship under U.S. Patent Law;
 - (b) That, in fact, Craig Stanfill was a significant contributor to the conception of the subject matter described and claimed in each of the Patent Applications; and
 - (c) I explicitly regarded Craig Stanfill as a co-inventor of the inventions described and claimed in the Patent Applications at the time the Patent Applications were drafted and filed, and stated such fact in an audio-recorded interview with Inchingolo's patent counsel at that time.
3. I hereby reaffirm as true, correct, and valid, (a) each Combined Declaration and Power of Attorney executed by me on March 16, 2004 for the respective Patent Applications, in which I declare myself to be a co-inventor with Craig Stanfill of the subject matter described and claimed in the respective Patent Applications, and (b) the Assignments dated March 16, 2004 that I executed for the respective Patent Applications, assigning all rights therein to Ab Initio.
4. I hereby agree that I shall not, at any time, directly or indirectly (a) disparage in any way Ab Initio's rights, title, or interest in and to Patent Rights, or (b) question, contest, or challenge, or assist any third party in questioning, contesting, or challenging, the ownership, validity or patentability (as applicable), enforceability, or authorship or inventorship (as applicable), of the Patent Rights, or (3) claim sole inventorship to the Patent Applications or any of the Patent Rights.

Signed under pains and penalties of perjury this [12] day of June, 2007.

FRANK INCHINGOLO
